Ms
Kelly
Ohlson
[REDACTED]
Response to fire by Public Health Officials
Me and my kids where sick during these fires at he mine, we had a pounding head ach, tired and feeling sick to the stomach for 4 weeks, tight chested and we had to breath soc hand out of 1000 to go away for a week or 2
By the time this tiny portion of money was handed to me and my 8 children it was already too late, the time in which the health minister stated to make Media coverage about assistance we where already poisoned by the asbestos particles in the air. I want compensation for poor quality air we lived in for 4 weeks
I acknowledge that my submission will be treated as a public document and may be published, quoted or summarised by the Inquiry.
