Dear parents,

After the events of recent months, I know you and your children are looking forward to a fresh start at your early years service with lots of exciting learning programs on the horizon.

The mine fire brought a range of challenges to Morwell, but also brought out the best in the local community.

I'm sure you will agree that the educators at your service went above and beyond to ensure your child continued to receive high quality education and care during this period.

Parents also showed great commitment to supporting their child's learning and wellbeing.

Together you have clearly demonstrated that you live in a community where children come first.

On behalf of your fellow Victorians, thank you for your efforts and best wishes for the year ahead.

Yours sincerely

A handwritten signature in blue ink that reads "Wendy Lovell".

**Hon Wendy Lovell MLC**  
**Minister for Children and Early Childhood Development**
