Hi Daves,

I made an enquiry as to the status of GDF SUEZ letter outlining the landfill financial assurance proposal for the Hazelwood activities. The response is as follows:

- (a) A risk based process for determining which sites require an FA has been developed and draft guidelines have been prepared to support the process.
- (b) An engagement strategy to roll out these guidelines is not far off.
- (c) Legal advice about parent company guarantee is with the solicitors and determining what the guarantee might look like and how it is held

Hope this helps. I'd say the ball is squarely in the Authority's court.

Kind regards
